RECIPE TO CRAFTING A SWEET EMAIL DESIGN

A diagram illustrating the components of a sweet email design, connected by arrows from a central image of a Mother's Day card.

- A CLEAN, ENGAGING TEMPLATE**: If you're going to spend time crafting a template, make it impressive, make it fun. MailChimp and Constant Contact both provide options for dividers and borders to organize your email in a clean and concise way.
- WELL-WRITTEN CONTENT**: This could be your relationship with consumers, exclusive offers, community-involvement, or whatever else could make your email worthy of a read. Use a conversational tone when writing to your readers and include tips or tricks that they might not even know they needed.
- COLORFUL GRAPHICS & IMAGES**: Emails are an invitation into a person's inbox who signed up to engage with your content and receive exclusive information. By adding colorful images and graphics, you're providing your audience with a side of your brand that's more fun than the traditional.
- DESERVING CALL-TO-ACTION**: If you do all of the above in a thoughtful manner, you'll find more people compelled to dive a little deeper into your brand. Give them a button that links to your website or Calendly to set up an appointment.
- GRACEFUL CODE**: Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor incididunt ut labore et dolore magna aliqua. Quis ipsum suspendisse ultrices.
